Majestic goes HD

When it comes to Combo Units, Majestic continues to lead the way with its Newest addition to the TV range, the **TD1920**. This is the perfect High Definition LCD TV designed to suit most applications. With a side loading DVD mechanism that has been designed using many years of experience in the Marine and RV environments, you can rest assured that you will be able to watch all your favourite DVD's whenever you like without disruption.

With a proven history for producing outstanding quality designs for Outback and Marine applications, Majestic continues to use its 'high tech engineered' power supply to ensure stable, long term, reliable operation when operating on 12 volts. Our 'state-of-the-art-technology' LCD panels, built in DVD mechanisms, low power consumption capabilities and ultra light weight construction all remain testament to the fact that Majestic is a company that knows how to develop quality products for the Mobile Market. The high gloss piano black finish ensures that when you incorporate this TV into your RV or Boat it is sure to make a statement that Majestic represents QUALITY.

Take our 3 Year Global Warranty and combine it with the International experience Majestic has in this market; it becomes easy to see why we believe this is the ONLY TV for you.

When it comes to the best technology, Majestic is leading the way.
